POWERING TRUSTED ACCOMODATION

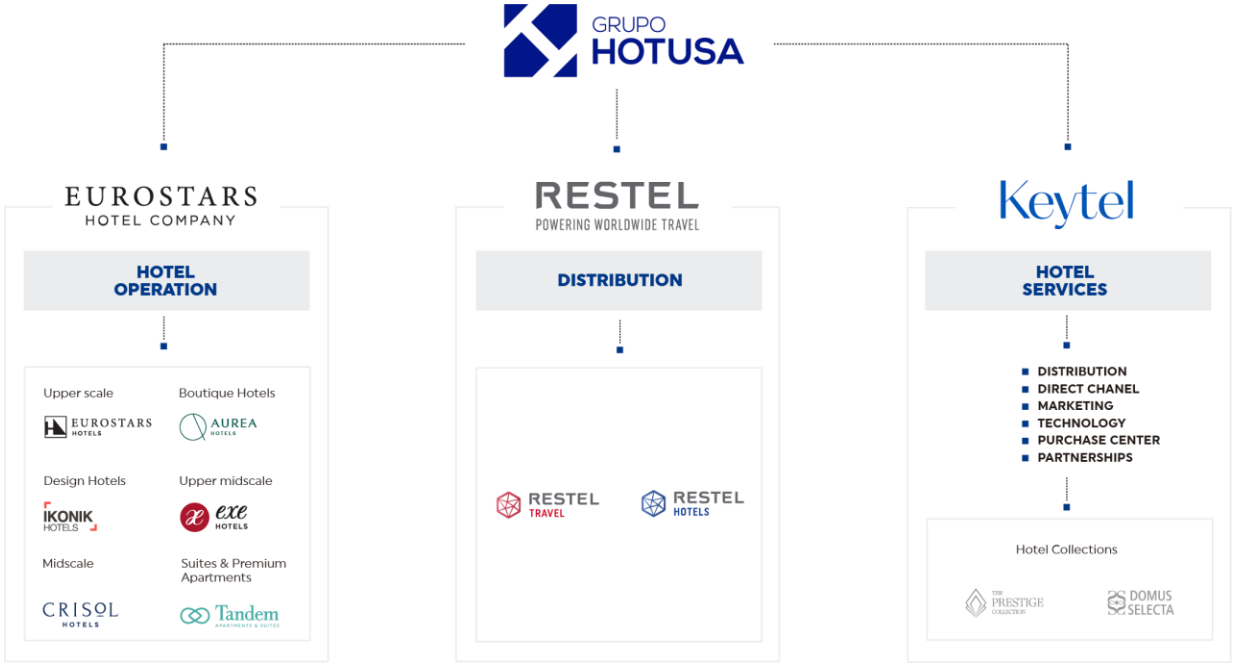

At Restel, we have been leading the global travel trade, making the industry more accessible for all our tourism partners.

We have reached remote destinations and discovered new paths, challenging old assumptions and surpassing expectations.

Our proposal is founded on three pillars: competitive products, robust technology, and a high-standard service.

GRUPO HOTUSA - SINCE 1977

Restel is part of Grupo Hotusa, a large international group with more than 45 years of experience, made up of a pool of companies in various areas of the tourism sector. This ecosystem creates the best environment to support the hotel distribution, providing Restel a great position in the market in terms of direct product.

TRUSTED HOTEL PORTFOLIO

Our proposal is built on three key pillars: a competitive product, robust technology, and a high-standard service.

These elements have driven the development of a platform that offers the best rates and a hassle-free reservation process.

Only combining these three characteristics will we achieve our goals in the long term.
