

Points of Distinction

AmaWaterways

Highest Repeat Guest Rate in River Cruising

Our crew and Cruise Managers go above and beyond, getting to know you personally and anticipating your needs before you ask. Our people are the main reason more guests return to cruise with us than with any other river cruise line – a testament to their passion and unrivalled service.

Thoughtfully Designed Ships with Enhanced Personal Space

Our ships welcome an average of 156 guests, ensuring a comfortable and uncrowded experience. For instance, *AmaMagna* is twice the width of traditional river cruise ships yet accommodates only 25% more guests, offering plenty of space for private moments and authentic connection.

All Experiences are Included

On board our ships, you'll find everything you need and more, from specialty dining to hosted wellness activities to innovations such as *AmaMagna*'s pickleball court. We also include up to six daily onshore experiences: guided hikes and bike tours, city tours offered at three activity levels, visits to historic landmarks and exclusive châteaux, culinary demonstrations, wine tastings and excursions for late risers, all operated in small groups and included in the cruise fare.

Local Culinary Immersion

As the first river cruise line to be inducted in *La Chaîne des Rôtisseurs*, we are proud to bring the taste of each country to our plate at every meal – including at The Chef's Table specialty restaurant. Indulge in local flavours and even witness the journey of some of the fresh, seasonal ingredients we prepare on board with visits to nearby markets, farms, wineries and distilleries.

Sip & Savour With Our Compliments

Unlimited regional wines are thoughtfully selected to enhance the dining, with sparkling wine available at breakfast, a different red and white poured each day, and a Sip & Sail cocktail hour serving cocktails, wine, beer, spirits and mocktails.

Innovation and Sustainability

Pioneers in the industry, we continue to innovate, offering the industry's first river cruises in Colombia. We are also committed to respecting the ecosystems and communities we cruise through, implementing sustainable features such as LED lighting and solar panels, and offering unique experiences that both support local economies and preserve time-honoured traditions.

Leading the Way in Inclusivity and Diversity

We have been honoured with awards for our efforts toward greater diversity, equity and inclusion and are proud to offer *Latin Touch* cruises for Spanish speakers as well as *Soulful Experiences* celebrating the Black and African diaspora. We also welcome guests of every generation on board.
